

# See the Unseen.

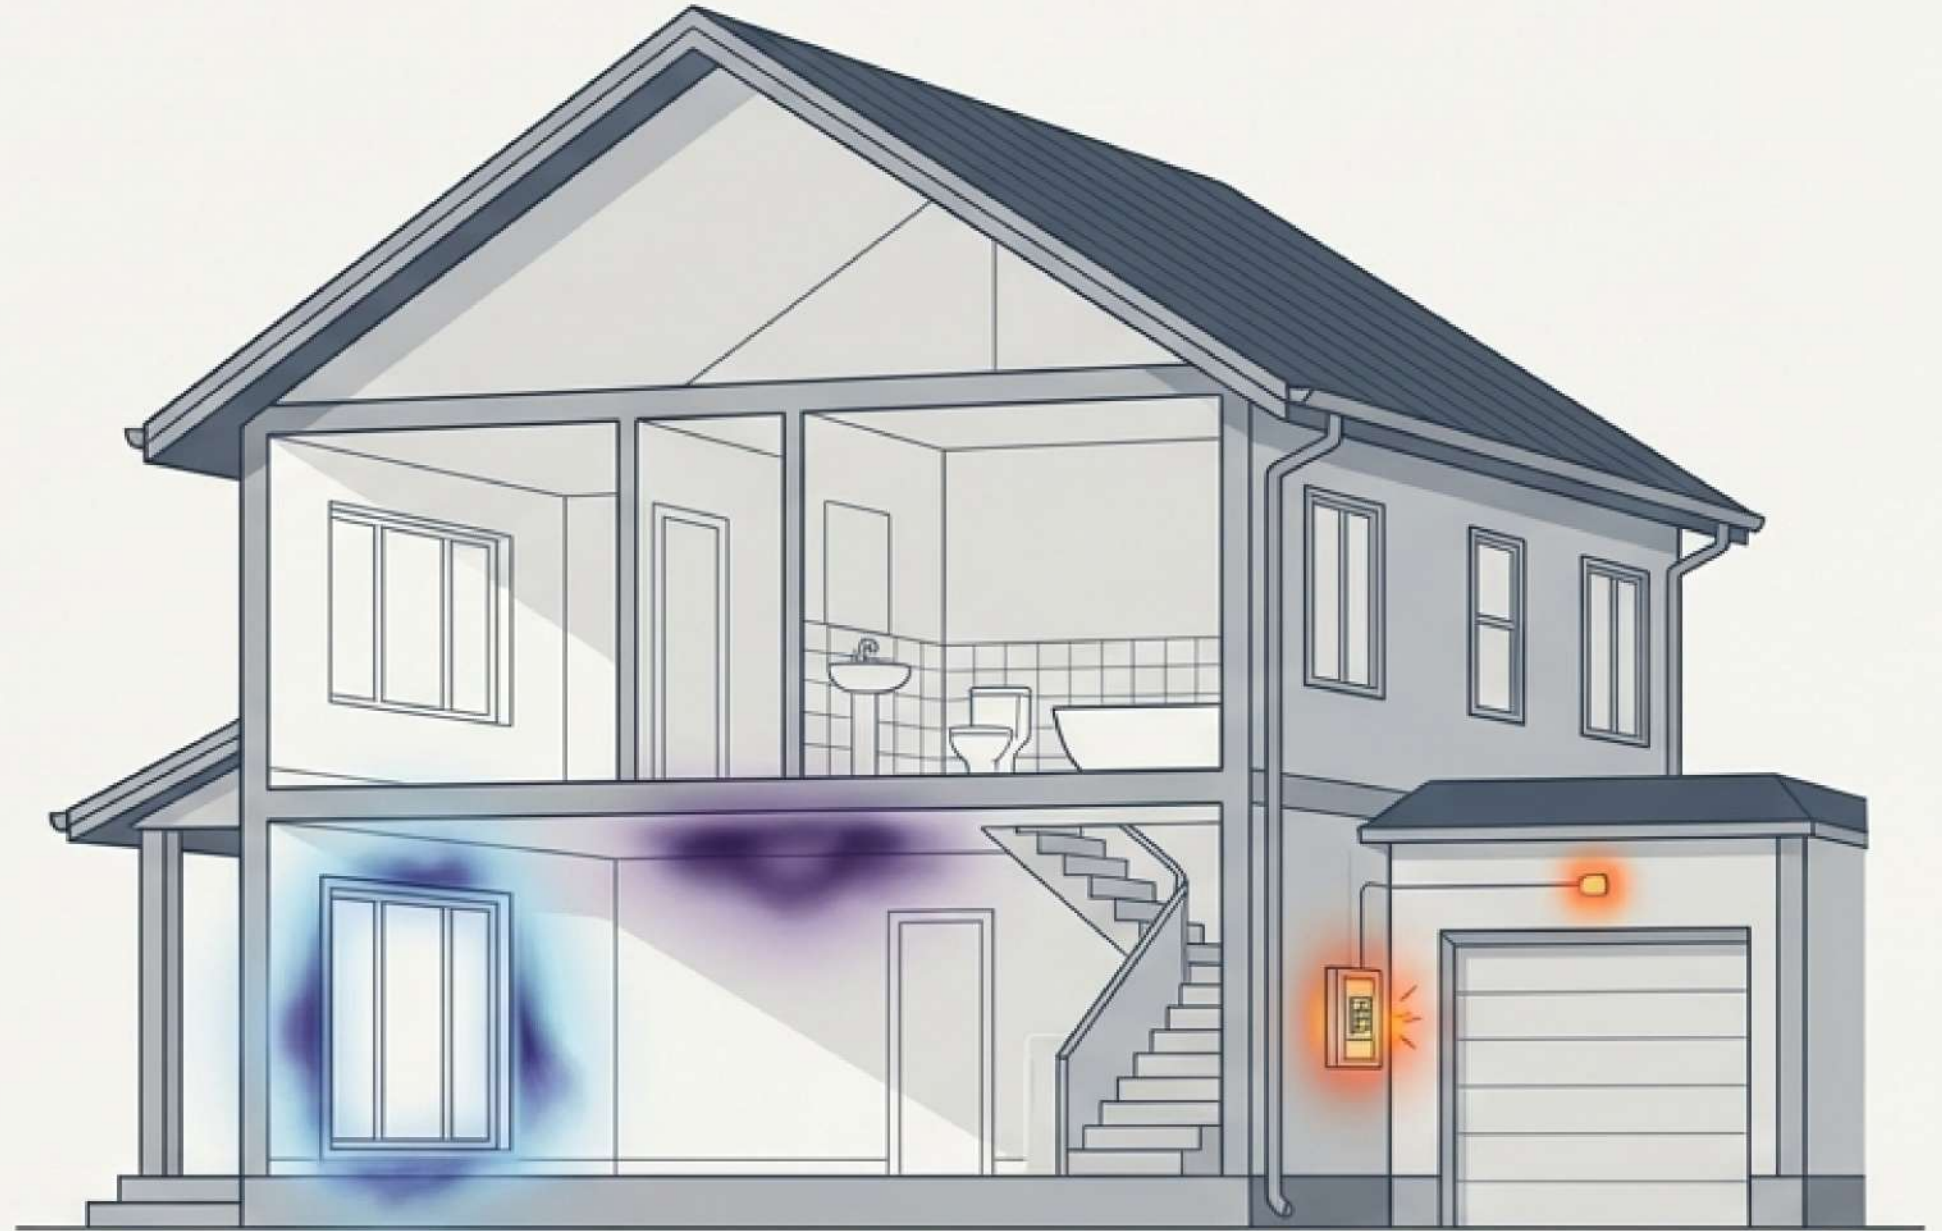

Master Your Home with the FLIR ONE PRO.

# Your Home Has Secrets.

Every home has invisible problems lurking within its walls, floors, and ceilings. These issues—from energy leaks and hidden moisture to potential electrical faults—can go undetected for years, silently compromising your comfort and safety.

# What You Can't See Is Costing You.

These invisible faults manifest as real-world consequences that impact your wallet, your property, and your peace of mind.

## High Energy Bills

Caused by poor insulation and undetected air leaks.

## Costly Repairs

Resulting from hidden water damage, humidity, and mold.

## Safety Risks

Stemming from overloaded circuits and other electrical problems.

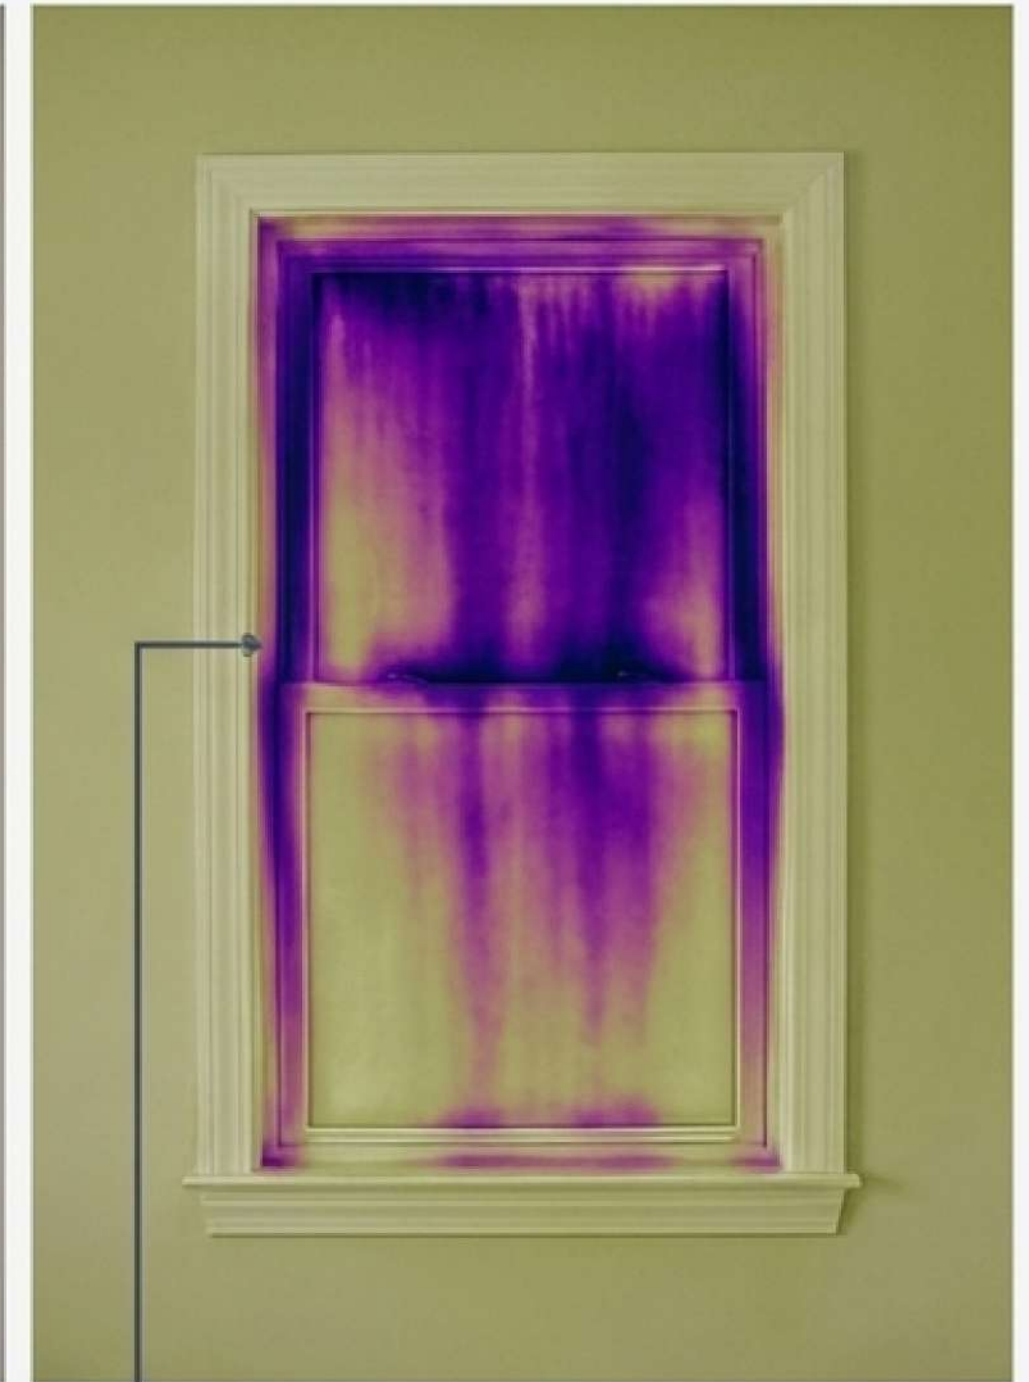

# A New Way of Seeing.

Introducing the FLIR ONE PRO. It's not just a camera; it's a new sense. Connect it to your smartphone to unlock a new dimension and see the world through thermal imaging. Finally, you have the power to make the invisible visible.

# Pinpoint a Home's Biggest Expense: Energy Loss.

Instantly visualize the hot and cold spots that are driving up your bills. Find exactly where your home is losing energy around windows, doors, and areas with poor insulation. This allows you to fix the leaks and slash your energy consumption.

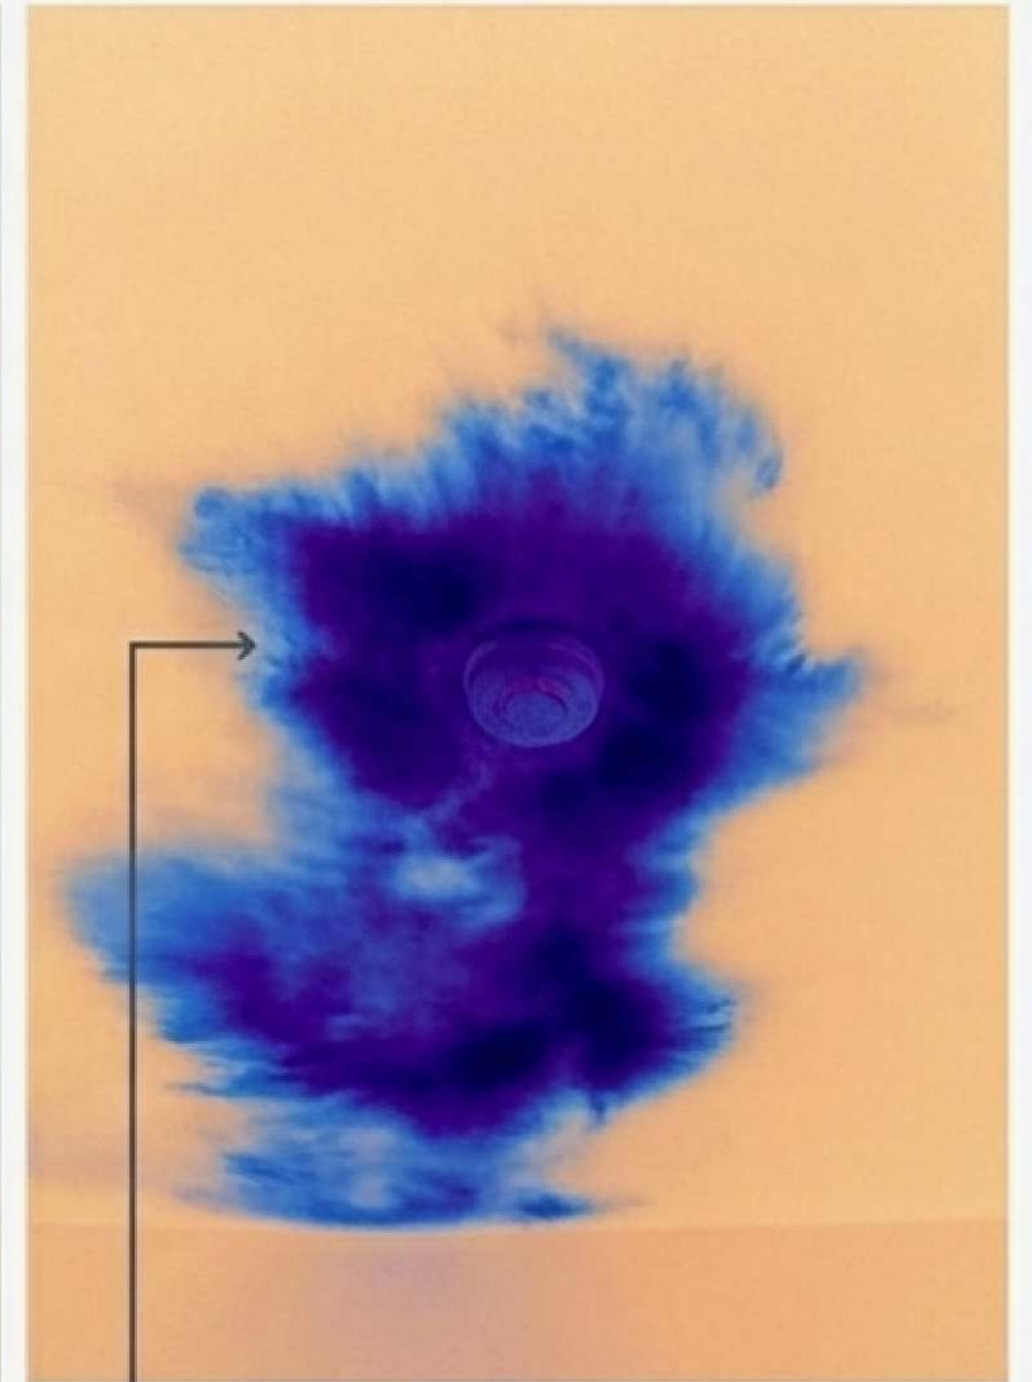

→ Cold Air Infiltration

# Detect Hidden Moisture and Leaks.

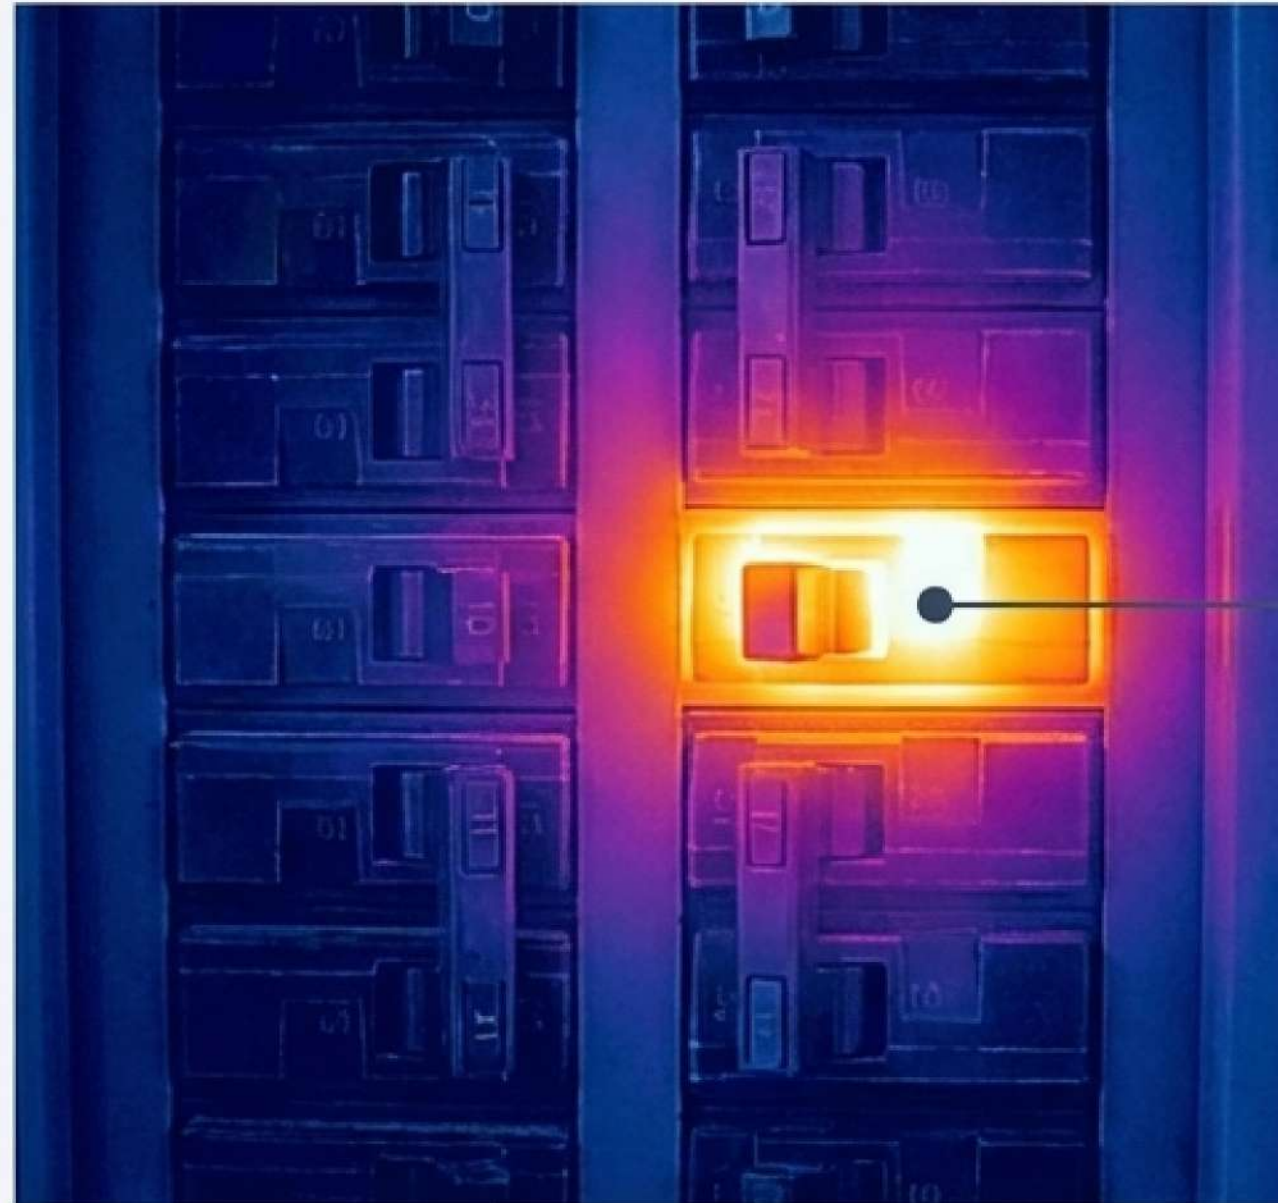

Water damage can be catastrophic. See the tell-tale cold spots of hidden moisture from leaky pipes or roof issues before they lead to mold, rot, and expensive structural repairs, creating a healthier environment in your home.

→ Hidden Moisture Detected

# Keep Your Home Safe from Electrical Faults

Overloaded circuits, faulty connections, and failing breakers get dangerously hot before they fail. The FLIR ONE PRO helps you spot these potential fire hazards, ensuring your home and family are safe.

Overheating  
Circuit: Fire  
Risk

# Professional Power, Consumer Simplicity.

## Advanced Image Processing

Enjoy sharp, high-resolution thermal images (1440 x 1080 pixels) that reveal critical details.

## FLIR ONE App

An intuitive app to easily capture, analyze, and share your thermographic findings.

## OneFit™ Connector

An adjustable connector ensures a secure fit, even with a protective case on your iOS compatible smartphone.

# An Investment in Your Home's Health.

**Save Money:** Lower energy bills and avoid costly repairs by identifying air leaks, insulation problems, and hidden moisture.

**Improve Comfort:** Create a more comfortable and healthy environment by eliminating cold drafts, humidity, and mold.

**Ensure Safety:** Proactively identify and address potential fire hazards and electrical problems before they become critical.

**Gain Confidence:** Make informed, data-driven decisions about home maintenance and repairs. Stop guessing and start seeing.

# Your Go-To for a Thousand Different Problems.

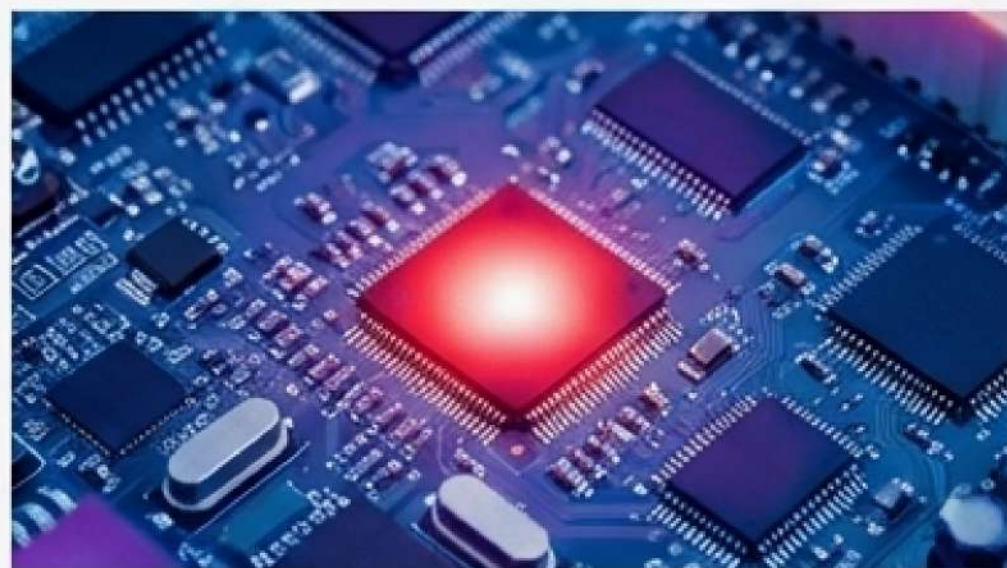

The FLIR ONE PRO's versatility makes it an essential tool for countless tasks beyond home inspection. It's a powerful problem-solver for your car, your hobbies, and even the outdoors.

Automotive Diagnostics

Finding Wildlife

Electronics Troubleshooting

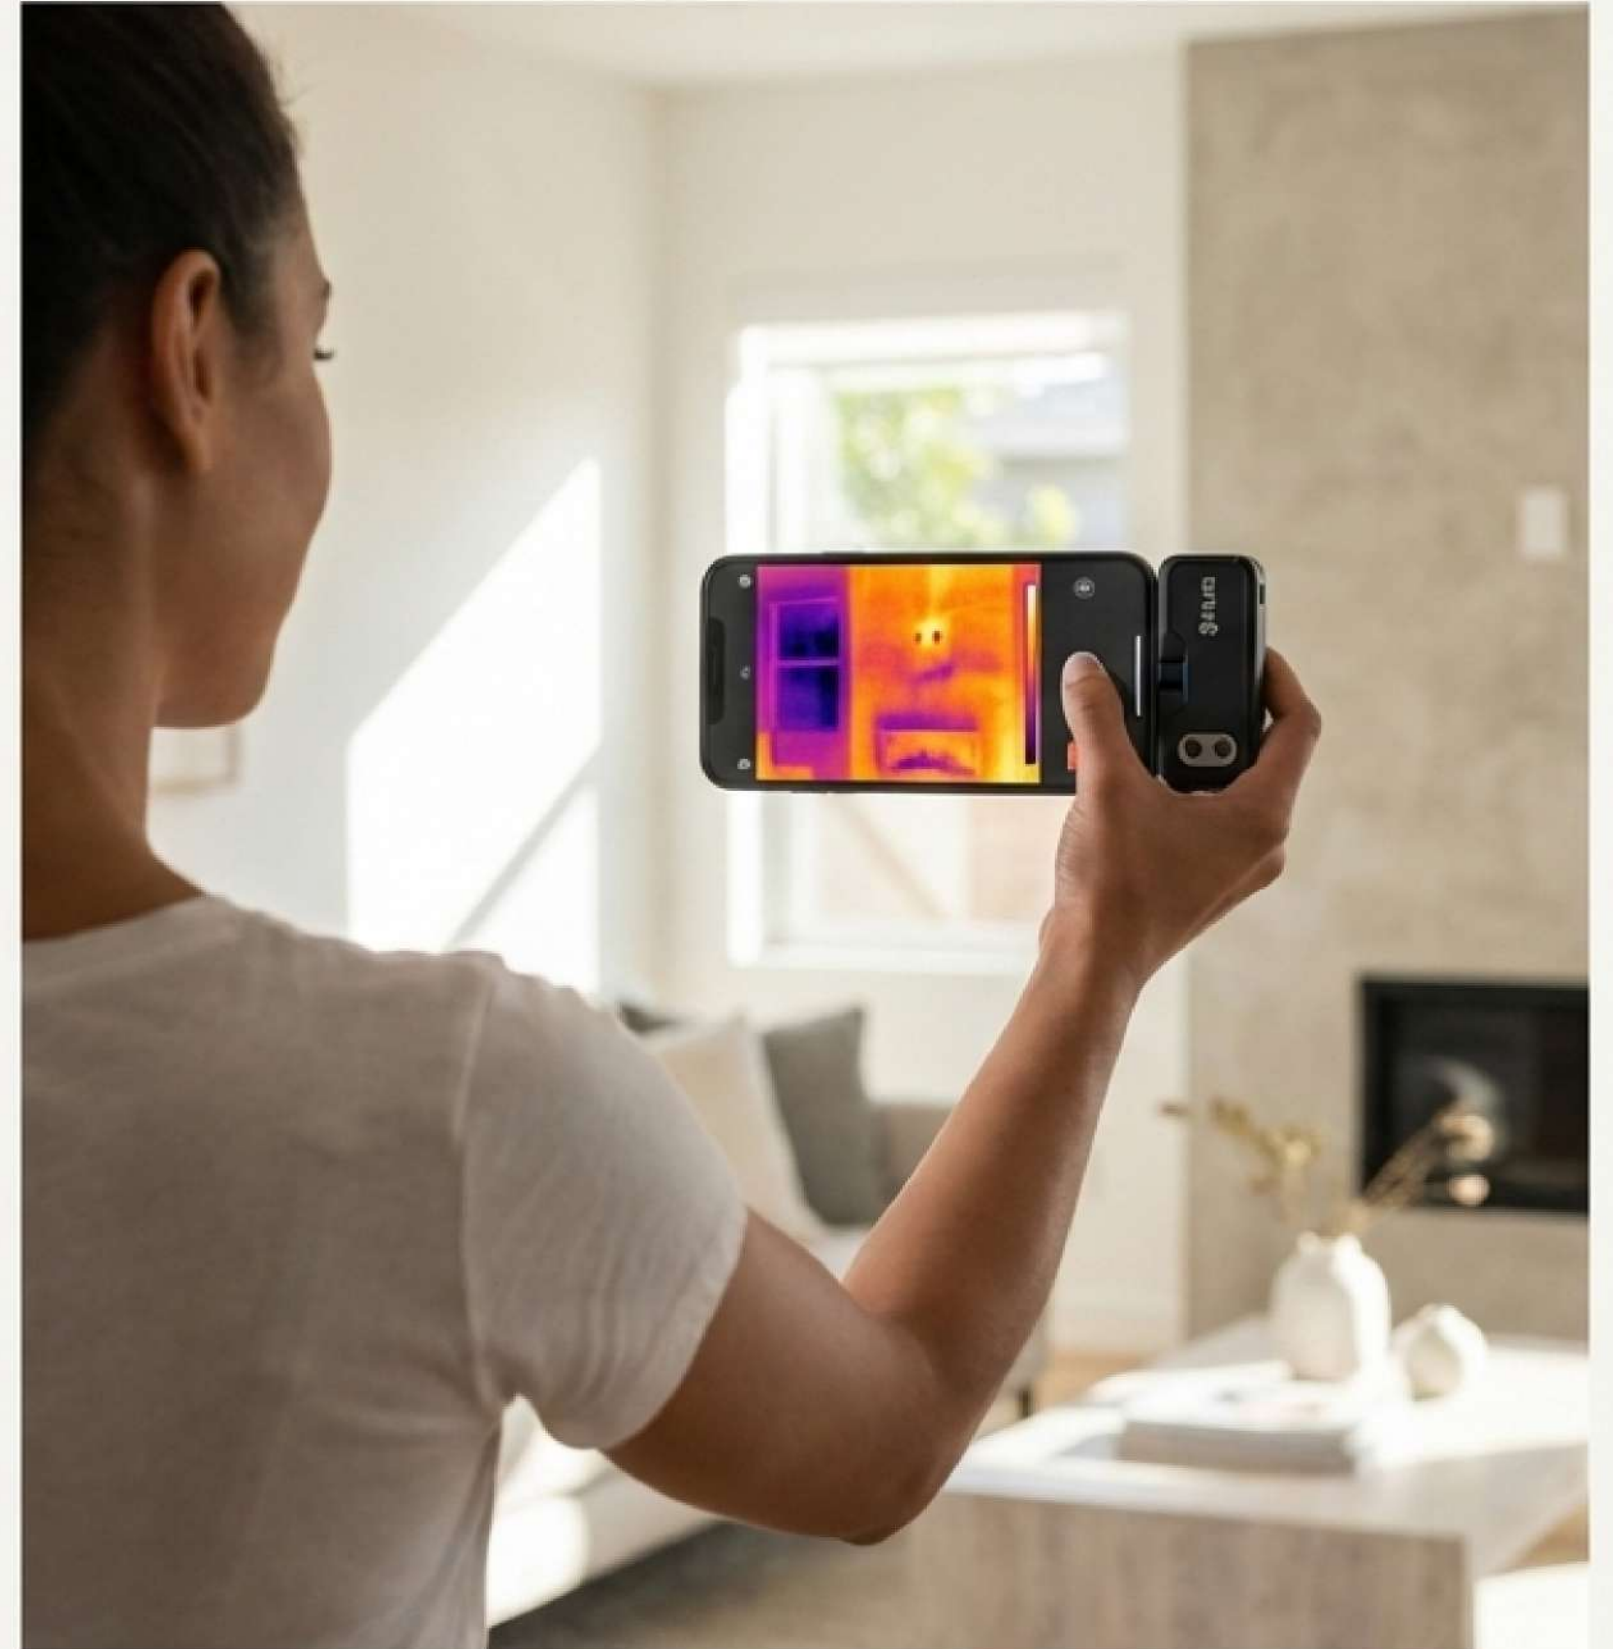

Outdoor Cooking

# Turn Your Smartphone into an Essential Tool.

Stop guessing. Start seeing. The FLIR ONE PRO gives you the power to understand, improve, and protect your most valuable asset. Discover a new way of seeing your home today.

# Help Us Help You

## Innovation in Protection.

The information provided is based on extensive practical experience and laboratory testing.  
We recommend practical tests to ensure compatibility for each specific application.
